Career Development Pathway

70-20-10 PROFESSIONAL GROWTH BLUEPRINT • INDIVIDUAL CONTRIBUTOR FOCUS

Presented by Lily McKay, Transformation Architect • Career Navigation Framework

IDENTIFIED FOCUS AREAS

- Individual Contributor → Problem Solving → Roadblock Diagnosis
- Individual Contributor → Personal Accountability → Constructive Correction

70% Experiential Learning (On-the-Job)

Practice through stretch assignments and high-leverage deliverables.

The "Listen-Only" Intake Meeting

Host an employee review or project post-mortem where your primary task is active listening. Synthesize action takeaways within 24 hours.

Workflow Simplification Audit

Identify two operational friction points in team deliverable handoffs. Implement a lean, agreed-upon simplification this month.

20% Social Learning (Exposure & Feedback)

Accelerate through peer shadowing and structured mentoring.

Senior Peer Playbook Interview

Conduct a 30-minute structured inquiry with a colleague recognized for exemplary execution to learn how they navigate difficult trade-offs.

Start / Stop / Continue Feedback

Ask two peers: "What is one specific communication behavior I could start or adjust to make our cross-functional teaming smoother?"

10% Formal Learning (Frameworks & Models)

Anchor practice in established behavioral and organizational research.

Psychological Safety in Teams

Study Amy Edmondson's research on psychological safety and Radical Candor's balance between personal care and direct challenge.

The 4 Disciplines of Execution

Focus on Wildly Important Goals, act on leading measures, maintain a compelling team scoreboard, and hold weekly cadences.
